PREFACE.

This volume is a literal transcript of two manuscript books which contain the earliest portion of the Register of Bolton-by-Bolland. The original is written on parchment, and is legible throughout; but the older book has no cover, and both might be improved by being carefully bound.

"A" has 76 leaves (14in. × 12¾in.), and deals with the period 27th April, 1558—9th October, 1653. There are blank pages on fol. 72 v., 73 r., 74 r. and 75 r. Various memoranda will be found at pages 1, 150 and 152, including a terrier of the glebe lands, &c.

"B" has 83 leaves (13½in. × 7¼in.), and continues the record to 14th March, 1724-5. There are blank pages on fol. 50 v. and 52 r. This book is rich in notes of various character (see pages 216, 224, 229, 253 and 254), the principal ones relating to the arrangement of the seats in church, to an assessment for the payment of the salary to the parish clerk, and to a terrier of the lands and tenements pertaining to the rectory.

The Society and the Editor are alike under an obligation to the Reverend J. A. Wilson, M.A., Rector of Bolton-by-Bolland and Honorary Canon of Ripon, for giving to them a most ready permission to copy these books and every facility which could possibly make the work easier.

PREFACE.

In this volume the Register of Bolton-by-Bolland is continued from April, 1725 to the end of 1812. The original is in three books.

"C" has 86 parchment leaves (13½in. × 8½in.) and contains the marriages from May, 1725 to February, 1754, and the baptisms and burials from April, 1725 to the end of 1812. There are blank pages on 18 v., 32 v., 33 v., 41 v. and 43 r. The copy is a literal one till fol. 71 r. (p. 348) after which an economy has been followed in the case of dates and words which are of common occurrence.

"D" and "E" have respectively 24 and 45 leaves. They are paper books in the form published by authority at the time. "D" contains the marriages from 1754—1781 and "E" those from 1782—1812. In copying both of them, while no fact has been omitted, it has not been thought necessary to repeat the words of the form over and over again.

An index of names and places for those parts of the register which have been published so far will be found at the end of this book.

The Editor would thank, on the part of the Society and himself, the Rector of Bolton-by-Bolland for permitting them to publish an interesting book.
